

JOGGING

BRSA

AUTOMATIC JOGGER Type BRSA

Increase of productivity through networking of working processes

EUROCUTTER® Cutting Systems do not only make work easier, but also increase productivity.

Increase of productivity by precise alignment

To increase quality and maximize output quality, jogging is an important feature.

In EURO CUTTER Automatic Joggers, the printed sheets are precisely aligned to guarantee the exact preparation of the printed sheets. Due to the heavy duty machine frame construction, both high impact strength and short jogging times are guaranteed even for difficult materials.

Characteristic features BRS

Table surface in stainless steel

Including air nozzles in table and both side lays

High quality air nozzles with sealing ring for max. air supply

Automatic, pneumatically tilting side lays on both sides

Including air nozzles in both side lays

Table inclination left / right

Adjustable for 4 positions in each direction

Infinitely adjustable jogging power

Direction of jogging engine

Clockwise or counter-clockwise turning selectable

Blower air ON/OFF selectable during jogging

Air ON only when loading / unloading, always ON or always OFF

Free standing

Easy operation by single switch (foot pedal) operation

CE-Norm

Options:

Sheet weight counter

Flaps for gripper system

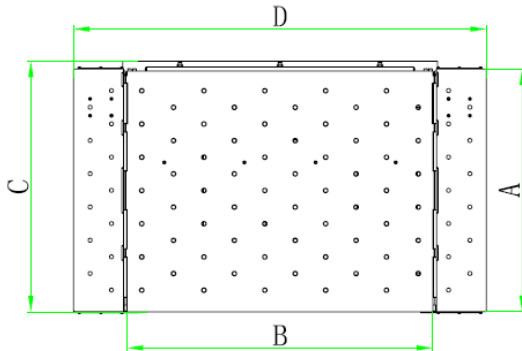

Jogger with Pressroller unit (Type BRPA)

Material unloading to the rear (Type BRPA-H)

Multifunctional press roller jogger equipped with separating gauge (Type BRPA-T)
