# EUROCUTTER®

different, but better

SHEET COUNTING

SHEET COUNTING SYSTEM SCS

Increase of productivity through networking of working processes
EUROCUTTER® Cutting systems do not only make work easier, but also increase productivity.

Increase of productivity by precise counting
Quantification and waste reduction is an increasing important part of the finishing process.
With the **EUROCUTTER** sheet counting system SCS you are able to achieve reliable control of goods received and delivered.
The weighing platform respectively weight cells are beneath the jogger and therefore do not require any additional space.

Characteristic features

Precise measuring of printed sheets
Through 4 precise weight cells positioned beneath the jogger

High resolution weighing system
No need for separate reference weighing system

No additional space needed for separate counting systems

Large 15" touch screen monitor display
With large display for number and weight of sheets

Projects can be stored as CSV-file for further data processing

Attractive price/performance ratio

Available also as construction kit for all other jogger brands
