

## THREE KNIFE TRIMMER

TM 28 TKT

## THREE KNIFE TRIMMER TM 28 TKT

### Increased productivity through the networking of working processes

EUROCUTTER® Cutting systems do not only make work easier, but also increase productivity.

### Increase of productivity by stable and fast trimming

Offline three knife trimmer for quality trimming of books and magazines. Easy to use with quick adjustment to accommodate different format sizes, book thickness and pile heights.

### Main Features TM 28 TKT

**Cast iron machine frame**

**Extra strong dimensioned knife holder and knife drive system**

**Swing cut**

swing cut ensures superior trim quality and a clean trim surface

**Hydraulic clamping**

Infinitely adjustable clamp pressure

**Pneumatic, infinitely adjustable feeder clamp pressure**

**Table format control**

Sensor controlled match of cutting width (book height) with table format

**Automatic make-ready**

Automatic knife make-ready reduces changeover times and allows for fine adjustment during production

**Modern touch screen monitor**

Ergonomically adjustable via pivot arm, comprehensive program memory for recurring formats, fault diagnosis - screen

## PLC control

equipped with remote control monitoring

## Automatic Central lubrication system

## Pneumatic high pressure blowing system

To clean the knife and cut zone from waste

## Return or continuous operation

For one-man or two-man operation

## CE-Norm GS & ET Sign

## The machine comes with the following standard accessories:

- 4 changeable clamp feet
- 1 set format plates
- 7 quick change tables
- 2 HSS knives for each knife position
- 10 cutting sticks for each knife position
- Knife height adjusting plate
- Knife change rack
- Movable waste bin
- Complete tool box

## Options:

- Waste removal transport belt
- Special voltage
- Spare knives
